Mr. Maurice Berez  
Assistant Director  
Business & Trade Services Branch  
U.S. Citizenship and Immigration Services  
425 I Street, N.W., Room #3214  
Washington, D.C. 20536

Dear Assistant Director Berez:

On behalf of Enterprise Florida, our state's official economic development organization, I am writing to express our strong support for an EB-5 Employment-Based Immigration Program for the Lake Buena Vista Resort Village & Spa (LBVR&S), a wholly owned Florida condo hotel development. This developer is seeking approval as a federally-designated regional center for EB-5 visas. They can demonstrate ability to meet and exceed the minimum threshold requirement of this program, which is creation of 10 jobs for each investment unit purchased by a foreign individual.

Enterprise Florida believes that this program has enormous potential to stimulate job-creation and economic growth in Florida by attracting foreign investor capital. We encourage your consideration and support for the request of Lake Buena Vista Resort Village & Spa. Please don't hesitate to contact us should you have any questions.

Sincerely,

Manuel A. Mencia  
Sr. Vice President  
International Trade & Business Development

MAM/jc
